

Notes:

Benchmark I courses must be completed within the first two semesters in the major.

Benchmark II courses must be completed within the first three semesters in the major.

MATH115 Students with a math eligibility score of MATH115 or above may take MATH 115 (or other MATH course greater than pre-calc) concurrently with STAT100 and INST126.

STAT100 Can be waived with a course that has MATH141 as its prerequisite, for example, BMGT230, MATH241, CMSC 250, etc. Also, STAT100 can be taken concurrently with MATH115 and INST126 with a math eligibility score of MATH115.

INST126 Can be waived with CMSC131 if the course was completed with a C- or higher prior to joining the InfoSci major. Must have MATH eligibility score of STAT100 in order to register for INST126. Can be taken concurrently with MATH115 and STAT100 with a math eligibility score of MATH115

INST326 Can be waived with CMSC131 and CMSC132 if the courses were completed with a C- or higher prior to joining the InfoSci major.

INST346 Permission required to register for the course. Speak with an advisor during drop-in hours or fill out the google form sent through our email listserv requesting permissions for the course. Must have credit for INST 326, INST 327, INST 126, INST 201, PSYC100, STAT100 and MATH 115 or greater than pre-calc with a grade of C- or higher.

INST490 Permission required to register for the course. Speak with an advisor during drop-in hours or fill out the google form sent through our email listserv requesting permissions for the course. Must complete all prior Benchmarks and Core Courses before registering for 490. This course may be taken alongside Upper-level Major Electives (ULME).
